# FOREWORD

Four years ago we entered a new school as new freshmen in the new age of rockets and satellites. As students, we faced new challenges and new opportunities. This book records the progress that we have made toward meeting the demands of this age.

A two-fold symbolism is expressed by the satellites in our book. They represent both the serious challenge of the age, as well as the joyous enthusiasm of our confidence.

As we approach the end of our high school days, again we anticipate new and broader horizons.

# DEDICATION

## GORDON MUIR

The Class of 1961 will look back within three open doors: a door to an office, a door to a classroom, a door to a home. Although the name, Gordon Muir, was not lettered on those doors, students always knew to whom they could speak. No subject seemed too insurmountable or too irrelevant to prevent a thorough discussion with the man who so cheerfully gave his patience, understanding, and support to adolescent development.

His challenge to us to do our best echoed from all fields of endeavor. We shall long remember many of his serious thoughts contrasted with his humorous expressions. As vice principal, English teacher, senior advisor, Key Club sponsor, and genuine friend, Gordon Muir gave us unfailing scholastic and spiritual guidance. His generosity of wisdom was further exemplified by his tireless efforts as past president of the Hamburg Association of Teachers.

It has been indeed a privilege to have known and studied under such a unique individual. With admiration, gratitude, and fondness, we are pleased to dedicate this year's CRIMSON LEDGER to Gordon Muir.

# CLASS HISTORY

In 1957, we began our four-year journey through high school as a group of confused, but eager freshmen. We were full of the usual freshmen fears of initiation week, but were also anticipating the future years of fun, work, and high school activities. At our first class meeting, we elected Jim Neubauer as President, Karen Tillison as Vice President, Diane Fabian as Secretary, and Carol La Barr as Treasurer. We had only one money-making project that year, a Balloon Dance. Although it didn't give our treasury a very big boost, it did give us much needed experience.

As sophomores, we seemed to favor the girls in the election of class officers. Rita Vanderwerf became our President, Carole Crane our Vice President, Shelley Jacobs our Treasurer, and Diane Fabian was again our Secretary. In selecting our class rings that year, we broke with tradition by choosing round stones. Our fund-raising activities for the year were a food sale, a S'No Fall Dance, and a Maytime Jamboree.

Our junior year was a busy one. After electing Diane Fabian, President; Jim Neubauer, Vice President; Diane Mott, Treasurer; and Alice Marcrander, Secretary; we began our activities. We held two food sales, sold cookies, and sponsored the Leap Year Hop and the Varsity Hop. With the conclusion of our first dramatic effort, "A Date With Judy," we began planning for the next big event. This event, the Junior Prom, proved to be a day filled with fun, sports, dining, and dancing--a perfect conclusion to our Junior year.

When the fall of 1960 came, we knew that we had nearly reached the top of our ladder. To help us through this final year, we chose Denny Cox as our President, Rodney Swezy as our Vice President, Sadie Wallace as our Secretary, and Marjorie Finigan as our Treasurer. Since our treasury was slightly undernourished, we started our fund-raising activities immediately by selling stationery, cookies, and magazines. Then came a food sale; the Miscellaneous Hop; our Senior Play, "Three Blind Mice;" the Thanksgiving Hop; the Christmas Dance; three other dances; and our final food sale.

Now, with our treasury bursting, and our yearbook problems over, we're all preparing for our long-awaited trip to Washington. With the arrival of June, graduation, the goal that seemed so remote four years ago, will be reached. This will mark the end of an important phase of our lives, but each of us will be well-prepared, for whatever the future may hold, if we continue to "Seek Individual Excellence."

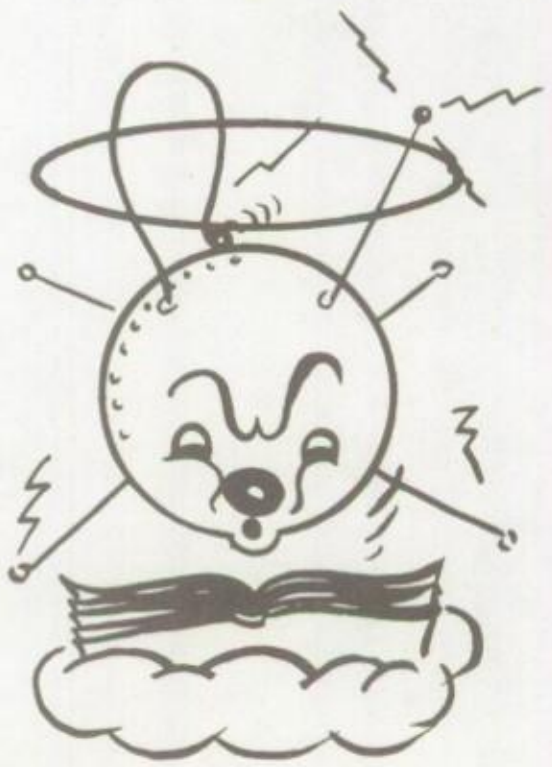
# HAMBURG HIGH SCHOOL ALMA MATER

Altho' Newton gladly favors
The maroon and the white
And the Franklin pupils labor
For the white and blue so bright;
Tho' the dusty black and orange
To the Sussex High seems right,
We will work for Hamburg High School
And the crimson and the white.

In our glad four years' relation
With our pals we love so well,
Our meager education
We bravely try to swell;
We win athletic victories
By practice and by might
As we work for dear old Hamburg
And the crimson and the white.

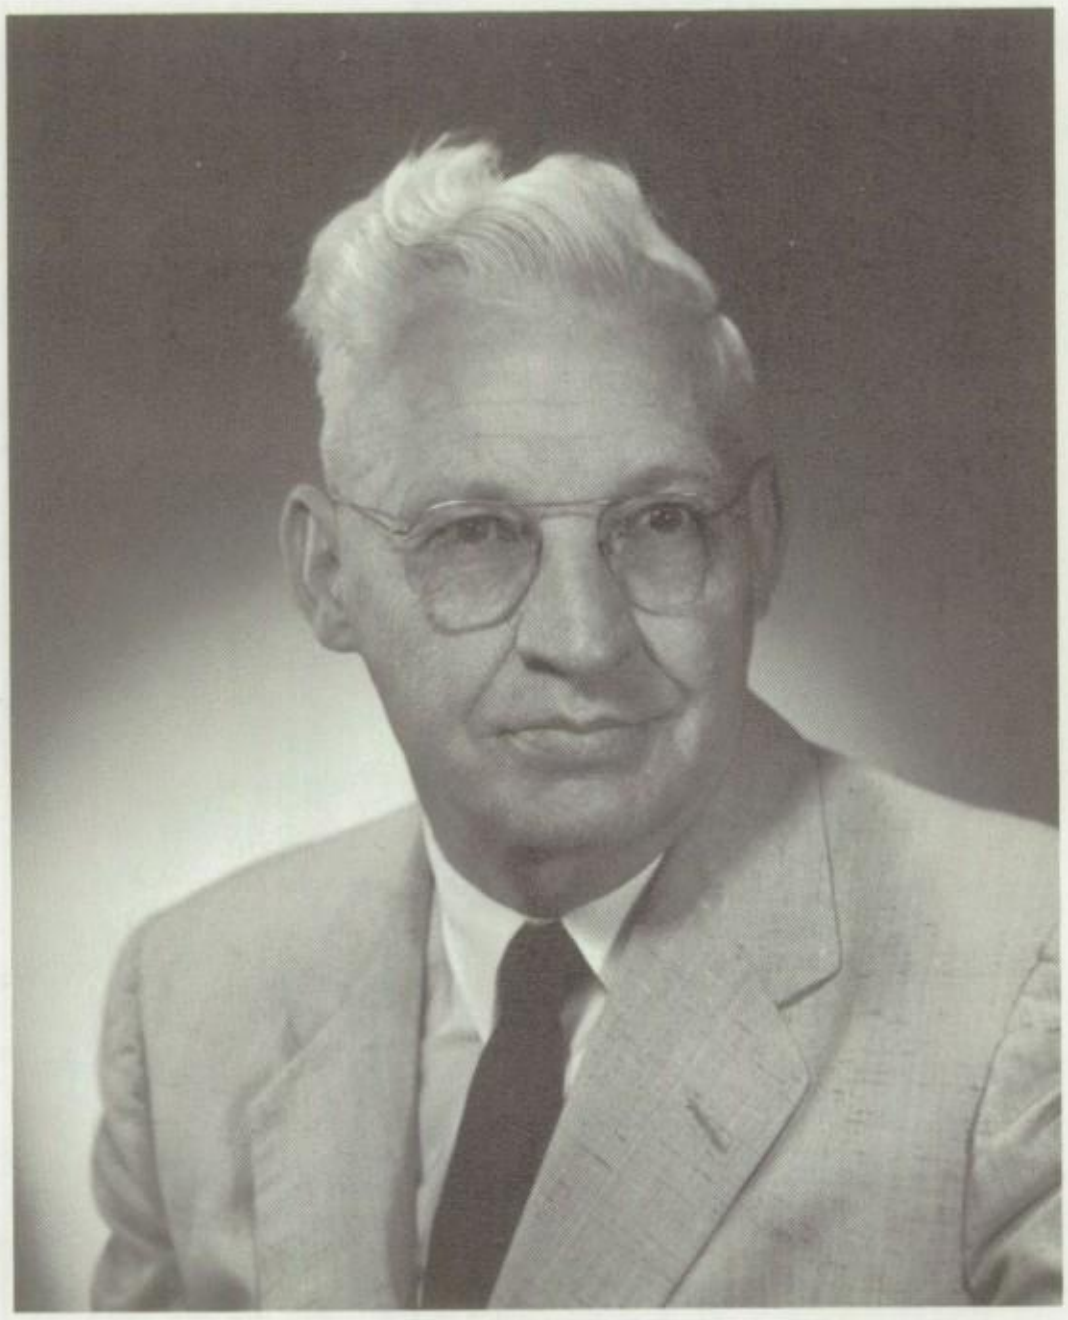
When our high school days are over,
And our tasks call us away,
And each becomes a rover
In this old world's hard way;
We will all recall some measure
Of our high school days so bright
And raise a cheer with pleasure
For the crimson and the white.



# SENIOR ADVISORS

Mrs. Geiselhart and Mrs. Stevens

# IN APPRECIATION



## ANDREW E. GRAY

In appreciation, we extend our thanks to Mr. Gray for making our high school days both educational and enjoyable. He has been a doubly good principal because he has been strict enough to discipline us, yet lenient enough to let us have fun. He has also been helpful and fair to our class.

We hope his retirement years will be productive, and filled with the pursuit of joyous and profitable hobbies.
